

# Junior Squash

TE PAPAPA SQUASH CLUB

Te Papapa Squash Club is committed to introducing squash to children who live in the local community.

Squash is a great winter sport as it is played indoors and takes less time to have a great work out when compared to most other sports.

Te Papapa Squash Club is offering to teach children aged 7yrs upwards to play squash.. We have a supply of racquets and balls so the only equipment the children need are non marking soled sports shoes.

Bring your child to Te Papapa Squash club on Friday nights between 6pm and 8pm.

The first visit is free. After that the cost is a donation of a gold coin per child per session.

We encourage parents to come and support their child/children during these sessions.

Membership options and squash competition are available.
